

This Night the Stars (Otley Version)

*Original lyrics Leonard Clark, Arr. D Stewart
Music Johnny Coppin, Arr: Graham Pratt*

This night the stars like jewels shine
High over Wharfemeadows Park
And Wharfe is but a silv'ry line
Smooth flowing in the dark
While all the lamps of Otley town
Are twin-kin' and the moon beams down
Upon these fields of mine
Upon these files of mine
